40th ANNIVERSARY

QUALITY MARCHING SHOES SINCE 1986

a message

FROM THE PRESIDENT

It is hard to believe it has been 40 years since the first pair of **DINKLES**® took to the field. Since then, we've been able to cultivate an entire line of marching products to serve the needs of ensembles around the world.

It seems like only yesterday I was finishing up college and my father asked if I wanted to help him out until I found a job. Like me, **DINKLES**® was just starting out also. Once I got to work with my father, I knew I was not leaving. Starting a new business is never easy. But, with my father's vast amount of knowledge in the shoe making industry and his willingness to teach me the trade, we made a good team to get this place up and "marching," as the case may be.

As much as our society has changed in the 40 years, **DINKLES**® values and craftsmanship has never wavered. Over the years we have refined our products to keep up with the times. Quality materials, safety, durability, comfort, and of course, keeping **DINKLES**® affordable are our goals.

DINKLES® has grown over the years thanks to our loyal customers like yourselves. Yet, we still answer all phone calls with a live person. If you call us during business hours, we will do our best to talk to everyone. It's just one of the personal touches you can count on from **DINKLES**® should you ever need to contact us.

Once again, I want to send a heart-felt thank you to our dedicated customers who have supported us over the years, and we look forward to serving you again this year.

For the new customers looking to make a switch or buy marching shoes for the first time, we are excited to help you find just the right shoe for you. Directors may not know they can make the choice of which shoes they order, but we know once you choose **DINKLES**® you will be satisfied with your selection.

I look forward to **DINKLES**® continuing for many more years and invite you to review our 2026-27 brochure. You will see the pages filled with the quality shoes and gloves that we have been proud to provide for 40 years. We hope you'll make the decision to march in **DINKLES**® and see why after four decades, **DINKLES**® have stood the test of time.

Jeffery Savoca
President

DINKLES®

WORLD'S GREATEST MARCHING SHOE

- 1 **Runner's Ortho Cup.** Molds to the shape of the foot creating a custom fit. Provides extra arch support and comfort.
- 2 **Heel Notch.** Holds a spat securely in place.
- 3 **Texon® Insole Board.** Provides a sturdy foundation which prevents the shoe from breaking down.
- 4 **Triad Heel™ Design.** This heel is designed with two stabilizing points that allow the heel to roll smoothly with no wobble.
- 5 **NI-Lex® Two-zone Comfort Lining.** Two working layers pull moisture away from the foot keeping it dry and comfortable.
- 6 **Forepart Pad and Flex Feature.** A foam pad is embedded in the insole board to provide extra cushion and flexibility where the stress of marching is greatest, reducing the shoe's "break-in" period.
- 7 **Foam Insert.** Custom insert in each sole for extra cushion preventing fatigue and burning in the ball of the foot.
- 8 **Active Rubber Cushion.** Gives your foot rebound for every step.
- 9 **Rubber Blended (TPR) Sole.** Provides maximum traction, cushion and wear.
- 10 **Official Seal of Harry L. Dinkle.** Assurance of superb, quality construction from the "World's Greatest Band Director."
- 11 **Flex Bars.** These are made to take shock away from the heels and knees.

Triad Heel™ is designed for corps-style marching and eliminates heel wobble. The natural extension (dorsi-flexion) of a human's ankle is 20°. Even at an angle of 60°, the stability of the Triad Heel is unmatched. It's a **DINKLES**® exclusive providing a high degree of stability, balance and safety while
